

## Our Services

Qualipac Plus offers a range of services to businesses who are seeking assistance with their assembly, collating, filling and finishing services.

### Filling Services

Many businesses contract Qualipac Plus to assemble and finish their display packs, or to bag or bottle their own products. We have extensive experience in the assembly and finishing of:

- Wrapped confectionary and condiment gift packs
- Seasoning packs and bottles
- Showbags
- Blister packs
- Art and craft products
- Fit packs

Our staff are experienced in all aspects of packaging and filling and will work closely with you to ensure your end product is of the highest quality and produced in accordance with your exact specifications.

### Print Finishing

We offer a range of print finishing services either as a stand alone service or to accompany our other services. Some of the print finishing services we offer include:

- Affixing magnets to mail outs and brochures
- Eyeletting
- Tagging – safety tags, gift tags

### Car Detailing

Our car detailing service is located in Mandurah and can offer:

- Commercial detailing contracts
- Fleet contracts

### Paper Shredding

We offer a secure, confidential document destruction service. We can supply you with on site bins or archive boxes in which to store your shredding before collection.

## Packaging and assembly

Our large workforce can help your business by packaging and assembling your products. There are several reasons why this option could be effective for your business:

- Savings on staffing and recruitment costs
- Savings on freight and travel expenses
- Large workforce, across 5 sites offering flexibility and timeliness
- Qualified and experienced production and management staff

Qualipac Plus has been involved in the packaging and assembly business for many years and have packaged or assembled a range of goods, including:

- Fishing accessories
- Office presentation tools
- Electrical components
- Pest traps
- Art and craft products
- Education kits
- Health and sanitary products
- Mining supplies
- Joiner packs for furniture

We implement stringent quality control measures to ensure you receive a quality product produced on time and to your exact specifications.
